Fall 2026

MORROW SWCD INVITES YOU TO THE 77th ANNUAL MEETING AND BANQUET

The Morrow Soil and Water Conservation District cordially invites you to our 77th Annual Meeting and Banquet to be held on December 5th, 2026 at the American Legion Jenkins Vaughan Post 97 (307 Park Avenue, Cardington Ohio 43315).

Doors will open at 4:00pm to all interested in voting in the Morrow Soil and Water Conservation District Board of Supervisors Election concluding at 5:00pm on the day of the Banquet. Ballots are available to all landowners and residents of Morrow County that are 18 years-of-age or older.

At 5:00pm guests will be directed to the all-you-can-eat fish fry prepared by the American Legion Jenkins Vaughan Post 97 with refreshments and dessert provided by Julie Leonhard.

Our meal-time entertainment will include live-music by Quenten Veach. Veach is an 18 year old musician/singer songwriter from Marion County, Ohio. He has tracks in his set list that range from The Hollies to Today's Hits. "Growin' Up," Quenten's debut album, can be found on all platforms. Fans of Quenten can find

him on Instagram, Facebook and Tik Tok at QuentenVeachMusic.

The evening will continue with a live-auction steered by Morrow SWCD Board of Supervisors Secretary, Devon Heacock. All proceeds of the live auction will be applied to the 2027-2028 Morrow Soil and Water Annual Scholarship. Bring your check books and join the fun.

Entertainment will be followed by the recognition of special guests and an update from District Staff.

The District will then present the 2026 Outreach Partner of the Year and Cooperator of the Year awards to the respective recipients.

To conclude the evening, the results of the Morrow Soil and Water Conservation District Board of Supervisor Election will be announced with door prizes to follow.

The Annual Meeting and Banquet is a ticketed event at the cost of \$10.00 per person. Below you will find a "Reservation Form" that can be returned to the Morrow SWCD Office at 5362 U.S. Highway 42, Mount Gilead Ohio 43338 with payment. The District will hold your tickets at the door. You may also stop in the Office anytime, Monday-Friday, between the hours of 8:00am and 4:30pm to purchase tickets and vote in the Board of Supervisors Election beginning on November 6th, 2026.

The Morrow SWCD Supervisors and staff sincerely hope you and your family will join us, along with your fiends and neighbors, on Saturday, December 5th for a wonderful evening.

Morrow SWCD Board Meetings

Regular meetings of the Morrow Soil and Water Conservation District Board of Supervisors are held at 7pm on the 2nd Wednesday of each month. These meetings convene at the AgCredit Community Room, located at:

5362 US Highway 42
Mount Gilead, Ohio 43338

Our September Board of Supervisors Meeting will be held at the Headwaters Outdoor Education Center, 151 Home Rd., Mt. Gilead, Ohio 43338.

All meetings are open to the public. An up-to-date list of meeting locations and times can be found at www.morrowswcd.com. Anyone wishing to be notified of Special Meetings or changes in dates, times, or locations of Regular Meetings should phone the SWCD Office at (419) 946-7923.

No-Till Grain Drills Available

Over the winter months, the Morrow Soil and Water Conservation District has updated our no-till grain drill fleet to include one 10ft Esch 5610, and two 15ft John Deere 1590s. Each drill is equipped with a grass seeder and acre-meter.

No-till farming practices improve soil health, reduce erosion and lowers operational costs.

For Rental

No-till Grain Drill \$15.00/acre
*10 acre minimum charge.

A User Agreement must be signed on all rental/loan equipment that the Morrow SWCD offers. Proof of liability insurance must also accompany the user contract. A User Guide and Operations Check List will be provided during the rental.

Contact the Morrow SWCD office at (419) 946-7923.

Items for Sale/Loan 2026

	<u>For Sale</u>
Marking Flags	\$5.00/25c \$20/100c
Tile Probes	\$50.00/4ft. \$60.00/5ft
Tile Probe Tips	\$12.00/ea.
Geotextile Fabric (15'x30')	\$3.00/ft. \$625.00/roll
Rain Barrel (50gal)	\$95.00

For Loan

Tree Planting Bar	\$20.00 deposit
Land Measuring Wheel	\$20.00 deposit

Contact the Morrow Soil and Water Office at (419) 946-7923 for details.

SPECIAL THANKS TO OUR COMMISSIONERS

We are proud of the fact that the Morrow Soil and Water Conservation District Supervisors and Staff have a good working relationship with our Morrow County Commissioners. We are so appreciative of this relationship, it warrants publicly thanking of Commissioners Tim Abraham, Tim Siegfried and Jon Mason for their support and dedication to our local conservation efforts. Their continued financial support at the county level draws matching funds from the State of Ohio enabling the SWCD to provide conservation assistance, information, and education to all Morrow County residents.

"To Educate and Assist All People in the Conservation of the Valuable Resources of Morrow County."

MORROW SWCD BOARD OF SUPERVISORS ELECTION

Ohio Soil and Water Conservation Districts are political subdivisions of the state organized by county boundary. Districts are overseen by a publicly elected and volunteer Board of Supervisors comprised of natural resource professionals and active community members. Board Supervisors are elected to a three year term by a special public election outlined in Ohio Revised Code (ORC) 940. The Board is comprised of 5 elected officials whose authority is outlined in ORC 940.

Board Supervisors are primarily responsible for setting the direction of the organization through long range planning and policy setting. They are also responsible for acting as ambassadors for the District in their representative communities, providing supervision to the District Administrator and providing oversight of fiscal decisions and funding activities.

This year two candidates will be elected to the Board of Supervisors for the Morrow Soil and Water Conservation District to serve the three-year term of 2027-2029.

Residents/landowners, firms, and corporations that own land or occupy land in Morrow County, and are 18 years of age and older, may vote in the Board of Supervisors' Election. A non-resident landowner, firm, or corporation must provide an affidavit of eligibility, which includes designation of a voting representative, prior to casting a ballot.

Voting will begin on November 6th, 2026 in the Morrow SWCD Office located at 5362 U.S. Highway 42, Mount Gilead, Ohio 43338, between the hours of 8:00am and 4:30pm and will conclude on Dec. 5th, 2026, at the Morrow Soil and Water Conservation District Annual Meeting at the American Legion Jenkins Vaughan Post 97(307 Park Avenue, Cardington Ohio 43315).

Voters will sign their name to verify eligibility, be given a ballot and directed to a nearby voting booth where they will mark their ballot and deposit it in the ballot box.

Information concerning the election of Supervisors, included requests for absentee ballots, and/or questions about the proceedings may be directed to the Morrow SWCD office at 419-946-7923 or programadmin@morrowcountyohio.gov.

Interested in Making a Difference? How to Run for the Morrow SWCD Board of Supervisors

Supervisors to the District are Elected Officials. Individuals with an interest in the District and it's programs may run for a seat on the Board may request a nomination from a current serving supervisor or by collecting required signature within the petition candidacy window.

QUALIFICATIONS:

- ♦ *Currently a United States Citizen over the age of 18 and a resident of the County.*
- ♦ *Ability to attend at least 75% of board meetings (Meetings are monthly).*
- ♦ *Ability to attend at least one of the following each year: OFSWCD Annual Meeting, OFSWCD Summer Supervisors School, Area Supervisors Meeting, or NACD Annual Conference.*
- ♦ *Ability to attend meetings with elected officials as needed.*
- ♦ *Ability to attend the Annual Election and Meeting and, if possible, the Annual Planning Meeting.*
- ♦ *Ability to meet individually with the Administrator for evaluation and by request.*

Please reach out to the Morrow SWCD office at (419) 946-7923 or at programadmin@morrowcountyohio.gov for more information and/or to be connected to a serving Supervisor.

Meet the Candidates

Larry Leonhard:

Larry and his wife, Emily, reside in Gilead Township, along with their four children Elijah, Lydia, Elizabeth and Levi.

Raised on a dairy farm, which his dad and brother still operate, Larry currently produces replacement heifers, steers and crops while utilizing multiple conservation practices. These practices include no-till, cover crops, grassed waterways and proper grazing management.

Larry is a member of the Farm Bureau, attends the Apostolic Christian Church with his family and has served as a member on the Morrow SWCD Board of Supervisors for 4 terms.

Brian Rausch:

Brian and his wife Jenny have two children, Luke and Harper. They are Co-owners and operators of R-Style LLC in Edison, Ohio.

R-Style consists of 300 registered Holsteins and a few Brown Swiss as well as heifer and forage operations.

Currently serving as an Ohio Holstein Board member, top Holstein genetics have been a long time interest and strives to breed a long last well balanced dairy cow.

Brian's purpose for running as board member of Morrow SWCD is focused on preserving and maintain farmland and waterways in Morrow County.

County FFA Forestry Contest

On a beautiful morning at the Flying Squirrel Preserve in Fredricktown, Ohio, approximately 80 students gathered around the Main Lodge in preparation for the County FFA Forestry Contest. Schools in attendance on October 9th, 2026, were Cardington, Highland and Northmor.

The Forestry Contest is an applied competition in which students identify native tree species and common forestry trade tools, cruise for timber by measuring saw-logs on standing trees, complete an orienteering course and show their forestry knowledge through a written test.

The Morrow SWCD would like to thank all of the schools and participants in attendance, The Morrow County Parks District for hosting and the Ohio Department of Natural Resources—Division of Forestry for officiating.

At the County Contest the results were as follows:

Placing	Team	Top Scorers
1.	Highland	Hannah Judd Emma Zornes Spencer Fatka
2.	Cardington	Bristol Whetnall Jake Adams Jaxon Ongalibang
3.	Northmor	Austin Krabill Tate Pollard Brady Cooper

County FFA Soils Judging Contest

On the morning of September 25th, 2026, approximately 130 students found themselves in a freshly mowed sorghum field to participate in the County FFA Soil Judging Contest. Schools in attendance were Cardington, Highland, Mount Gilead and Northmor.

The Soils Judging Contest is a hands-on practicum in which students evaluate soil pits and field sites to understand soil properties, conservation needs and land capacity.

The Morrow SWCD would like to thank all of the schools and participants in attendance, Sacred Heart Church of Cardington for parking and facilities and The Leonhard family for use of their field and pit digging.

Our local teams then moved onto District and State Contests. The results from respective FFA Districts are as follows:

District 2	Northmor	Urban—5th Rural—7th
District 6	Highland	Urban—3rd Rural—4th
	Mt. Gilead	Urban—6th Rural—5th
State	Highland	Urban—30th Rural—21st
	Mt. Gilead	Rural—23rd
	Northmor	Urban—31st

Ohio Division of Wildlife Deer Doe-nation Program

In October 2025, the Ohio Division of Wildlife started the Field to Food Bank program as a dual -benefit strategy to manage Ohio's white-tailed deer populations and address food insecurity in our state. In this first year, 182 deer were donated, amounting to about 36,400 servings.

In Ohio, 1.8 million people need food assistance. Just one deer can provide 168-200 servings of food. Hunters can help!

Donating is easy! Follow the steps below.

1. Purchase your hunting license and deer permit(s), unless land-owner exemptions apply.
2. Be sure you have game-checked your deer before proceeding to a drop-off station.
3. Take your deer with the game check confirmation number to one of the drop-off locations.

4. Donated deer are processed through a partnership with the Ohio Penal Industries (OPI) at the Pickaway Correctional Institution (PCI) Meat Processing Career Center. OPI provides vocational training and meaningful work experience to incarcerated individuals. Ground venison is packaged and distributed through the Ohio Association of Food Banks. They distribute the venison to local food banks based on need, prioritizing communities near donation sites.

Deer donations are being accepted at select locations in Allen, Delaware, Hardin, Knox, Ross, and Wyandot counties for Early DSA Gun Season (October 10-11 from 12pm-8pm), Deer Gun Week (November 30; December 1; December 5-6 from 12pm-8pm), and Bonus Gun Weekend (December 19-20 from 12pm-8pm).

Sign up to receive email reminders about deer donation days.

For more information and to view donation locations and dates, visit ohiodnr.gov/DonateVenison.

The Tomorrow Center Cleans Up the Whetstone!

Teacher, Jessica Anderson, of the Tomorrow Center, gathered a team of enthusiastic students to take on their annual Stream-Clean of the Whetstone Creek as it flows through the Village of Cardington. Students wore bright yellow vests and red onion bags as they waded through the water. After a few hours of work the team had managed to remove 360lbs of litter and debris from the bed and banks of the stream.

After lunch the students then joined in education sessions with The Ohio Department of Natural Resources, Marion County Parks District and Morrow SWCD. Additionally, Morrow County Recycling and Mid Ohio Sanitation and Recycling assisted with the waste management. Thank you to all involved!

Wildlife Lookout! Bald Faced Hornet (*Dolichovespula maculata*)

The Bald Faced Hornet is a large (3/4 inch), long-faced wasp that populates North America. Their common name derives from the term "piebald," meaning animals displaying patterns with areas that are unpigmented (uncolored).

The bald faced hornet differs from its yellow-jacket cousin by highlighting its exoskeleton in white markings. These hornets are best known for their aerial, oval, "paper"-covered nests. The nests contain brooding combs, similar to a beehive. The outer wall is formed by the wasps mixing wood fibers and saliva through chewing and shields the inner comb from extreme weather.

A colony is initiated by a single queen that survived the previous winter. The queen will identify the site of the nest to-be and begin construction. She will then lay the first batch of eggs, which will emerge as workers after a few weeks. When mature, the workers will take over the nest building duties.

The construction of the nest and activity within is proof of eusociality. A communitive type of behavior that involves cooperative care for young, as well as, a division of labor and overlapping generations within the colony. A well-developed nest, later in the summer, can house several hundred individuals in different stages of development.

With all of the effort put forth to build and maintain a colony, it makes sense that these wasps will readily defend their nests. Unlike honey bees, bald faced hornets retain their stingers during an attack, meaning they can sting and deliver venom repeatedly. The sting ranks a 2.0 out of 4.0 on the Schmidt Sting Pain Index (more painful than a fire-ant: 1.2, less painful than a paper wasp: 3.0).

These hornets benefit the ecosystems in which they thrive through predation of pest insects and spiders. They are also known pollinators as their brood require nectar for their development. Several species of birds, frogs and larger predatory insects (praying mantis and dragonflies) utilize bald faced hornets as a food source.

Agency Updates:

USDA Announces 2026 and 2027 Enrollment for Key Price and Revenue Safety Net Programs, Completes First Base Acre Increase in Two Decades

Agricultural producers can begin enrolling in the Agriculture Risk Coverage (ARC) and Price Loss Coverage (PLC) programs, which the U.S. Department of Agriculture (USDA) recently updated to include more than 30 million new base acres. This expansion, the first in 20 years, was made possible by the Working Families Tax Cuts Act and is part of USDA's efforts to put Farmers First. Now that the base allocation process is complete, producers can make elections and enroll for the 2026 crop year from Sept. 16 through Dec. 11, 2026, and for the 2027 crop year from Nov. 2, 2026, through March 15, 2027. Because eligible acres exceeded the nationwide 30-million-acre cap, USDA's Farm Service Agency (FSA) is applying an across-the-board, prorated reduction of 3.69% to all newly allocated base acres.

Base Allocation Notifications

The opportunity for landowners to review their base allocation summaries and take necessary action ended Aug. 31, 2026. This included correcting inaccurate information, designating subsequent acres or opting out of adding base acres. Landowners did not lose base acres through the base allocation process. If landowners did not notify FSA of changes, the base allocation summary is considered accurate and complete; however, an across-the-board factor will apply. FSA determined the base allocation percentage reduction using all acreage reported as eligible, and new base acres will automatically be allocated to farms after applying the 3.69% reduction. Base allocation notifications will be available beginning Sept. 16, 2026. Landowners can access notifications online at fsa.usda.gov/arc-plc using a Login.gov account. Landowners who do not currently have a Login.gov account can contact their FSA county office to obtain their base allocation notification beginning Sept. 16, 2026.

Enrollment Period

Producers can now change their election and enroll in ARC-County (ARC-CO) or PLC, which both provide crop-by-crop protection, or ARC-Individual (ARC-IC), which protects the entire farm. Although election changes for 2026 are optional, producers must enroll through a signed contract each year. Existing multi-year contracts ended in 2025, but producers have the option to sign a new multi-year contract for 2026 through 2031. Producers who opt out of a multi-year contract can enroll for the 2027 crop year starting Nov. 2, 2026, through March 15, 2027.

If producers do not submit their 2026 election by Dec. 11, 2026, their election remains the same as their 2025 election for crops on the farm, and the farm is ineligible for payments for the 2026 program year. Landowners cannot enroll in either program unless they have a share interest in the farm.

Covered commodities include barley, canola, large and small chickpeas, corn, crambe, flaxseed, grain sorghum, lentils, mustard seed, oats, peanuts, dry peas, rapeseed, long grain rice, medium and short grain rice, safflower seed, seed cotton, sesame, soybeans, sunflower seed and wheat. Some land grant universities offer web-based decision tools to help producers make informed election decisions using crop data specific to their respective farming operations.

Producers can make program elections and enroll either online at fsa.usda.gov/arc-plc using a Login.gov account or by making an appointment at their local FSA office.

Crop Insurance Considerations

Producers are reminded that ARC and PLC election and enrollment can impact eligibility for some crop insurance products. Producers can now add SCO coverage or the Enhanced Coverage Option (ECO) regardless of their ARC or PLC election. Previously, producers who elected ARC-CO or ARC-IC were ineligible to purchase the Supplemental Coverage Option (SCO) through their Approved Insurance Provider for the same acres, but The Working Families Tax Cuts Act removed this restriction. Crop insurance information is available through USDA's [Risk Management Agency](#).

More Information

For more information on ARC and PLC, visit the [ARC and PLC webpage](#) or contact your [local FSA County Office](#).

In accordance with Federal civil rights law and U.S. Department of Agriculture (USDA) civil rights regulations and policies, the USDA, its Agencies, offices, and employees, and institutions participating in or administering USDA programs are prohibited from discriminating based on race, color, national origin, religion, sex, disability, age, marital status, family/parental status, income derived from a public assistance program, political beliefs, or reprisal or retaliation for prior civil rights activity, in any program or activity conducted or funded by USDA (not all bases apply to all programs).

Persons with disabilities who require alternative means of communication for program information (e.g., Braille, large print, audiotape, American Sign Language, etc.) should contact the responsible Agency or USDA's TARGET Center at (202) 720-2600 (voice and TTY) or contact USDA through the Federal Relay Service at (800) 877-8339. Additionally, program information may be made available in languages other than English.
